1. On the map of Newtonville, Ala. you listed John Reynolds, whose children married John Poes children. Did John Reynolds live near John Poe and have you found a will for him?

Buren checked the range, township, and section on John D. Reynolds land. it was 1/4 mile from John Poe, one quarter mile inside Fayette Co. joining Burens grandfathers Shepherds land.

In checking my index to Fayette Co deeds, (which I copied about 2 yrs ago, of just a few people that I thought I might be interested in) I find "John & Sarah Poe of Tuscaloosa Co. in 1857 sold Benj. Reynolds of Fayette Co. 60 acres of land in Tuscaloosa Co." Signed John Poe  
Sarah X Poe  
her mark

Also. Ewan B. Threet owned land near Hogan yard and Michael Wright in Newtonville in 1838 I believe this would be a brother of Sarah Threet or nephew. (see other side for census record)

Also a Ewan A. Poe owned land in 1856 near Newtonville. he was probably a descendant of John and Sarah Poe.

From Bio of James J. Poe -

1. Calvin Poe states in Goodspeed that his father was John Poe, born in Va. He assumes, but cannot prove, that my 9 grandfather, Simon Poe born a. 1812 and Calvin Poe were brothers. (We found our Simon Poe listed on Fox books here as Simon W.)

your Simon B. 1812 is listed on Tuscaloosa Co deeds as Simon C. Poe. When things are copied several times mistakes are made.

2. The John Poe listed in 1820 Census of Anson County, N.C. was probably the John Poe who married Sarah Street. You mentioned that he was selling land in Anson County about 1820. If you have an opportunity to examine these deeds see if his wife Sarah appears on the deeds.

I'm mailing you a copy of what I copied on the Poe deeds.

Your letter of Nov. 10, 1960

You mentioned that you found the settlement of Estate of Charles Holliman in 1849 - Charles D. 1844 - your 99. grandfather Hogan Yerby was admin. (you mentioned checking records in Fayette, Co.) Do you remember if the will listed any children as heirs.

I just noticed the heading of the settlement of the Chas. Holliman estate, because my 99 grandfathers name was on it, But did not read it.

In the same letter you mentioned a will of Turner Threet, this could be Sarah Threet's <sup>father</sup> father. If you have time will appreciate your checking. I have found no proof that <sup>Sarah Threet's</sup> father came to Ark.
