The Bible adds some new info:

- 1) Bessy was born in Jefferson County--was thought she was born in LR.
- 2) Inez Henry GREEN: she must have known she married a Green (found she married a Wells). Great-grandfather, in the letter about a joke about a horse, asks about Sug *and Leslie as if they were a couple*. Leslie is unknown, so maybe he's the Green in question.
- 3) John T. Gray and Hazel Henry 1 living child (his wife is also listed). WEB Jr., administered Hazel's estate (he also administered Grandfather Browne's estate. Everything went to a daughter believed to be named "Frankie"
