Dear Cousin Alma:

Your letter was like having a nice visit with you, a joy to read, a real treat.

I am going to the Akron clinic for treatment of a very painful kidney infection, in between times trying to bring our work up-to-date.

Have collected material for Doc, but sending the enclosed on ahead as I know you will also be interested in what is marked for Doc. Am delighted at Mr. Little's information. Could we get a statement?

It will help immeasurably (even) with the Hague line if we ever find our connection (and we are trying so hard). Does his mother remember about Lucetic Hague their sister who married Saml M. Watson? Write again soon, love to hear from you.

Love to all, Ernest & Ole.
