

Dear Jane and Doc:

Ernest is having the time of his life fishing and wonderful luck, so we have decided to stay on until the 17th.

We had a grand visit with you all and we sincerely appreciate all you did for us.

Will send you copies of our records as soon as possible.

Your mother is so lovely
and precious - so are your
darlings - and you both.
You seem like "our own."
Hope you can visit us one
of these days - any time.
Love to all
Ola and Ernest

as our rural mail
frequently get lost.

One of my Powell cousins
sent me records which
cost her \$25.00 and I
never as yet received
them. Fortunately
they were census records
which we were able to replace.
