

May 23, 1822

This section about
2 1/2 x 3 miles.

(Over)

This rough hand drawn map shows approximately the location of most of the first families of Newtonville, about 1850.

Now, 1962, you would not be able to recognize any of this. The roads have been changed, the church has been moved, the cemetery has grown up in pine trees and not one name mentioned on map can be found in this community anymore
